## SAY FAREWELLS TO SENIOR CLASS OF HIGH SCHOOL

Members of Faculty in High  
Tribute; Exercises at  
Glendale Tonight

One hundred and forty-one seniors tonight at the Glendale Theatre will become alumni of Glendale Union High school. Dr. Rufus Bernard von Klein Smid, president of the University of Southern California, will be the speaker of the evening. Seniors will meet on the high school campus and march down Maryland street to the rear of the Glendale Theatre. Girls will wear white dresses; boys will wear white trousers and dark coats. They will form in line alphabetically. The march will be led by four girls from the junior class. The High School Board of Trustees says it is grateful to W. A. Howe for permission to use the Glendale Theatre. They consider his generosity a notable example of public spiritedness. Although reluctant to bid the seniors goodbye, members of the high school faculty this morning paid high tribute to the graduates individually and to the class as a whole.

**Personal Service**  
"All the interests of the school have been broadly represented by the class," declared Principal George U. Moyle. "To a marked degree there has been a large number of the class who have given of their personal service for the student body interest. "As the student body government becomes better and better established in the school, each successive class has a better opportunity to accomplish more than the preceding class. This class has increased its work for the school in marked proportion. These students have come a long ways this year towards putting the student body government on a firm basis as a successful working unit. The cabinet has been made up very largely of members of the class. It has worked quietly, but it has accomplished a great deal." The high scholarship attainments of the class was emphasized by Mr. Moyle. He commented upon the fact that nineteen of its members have won gold honor pins, signifying grades above 92 (Continued on Page 7)

## SAYS TOO MANY ERRORS ON MAIL

Postmaster Jackson Urges  
People Be More Careful,  
Increase Efficiency

Mistakes and omissions made by the public are responsible for errors in the mail service, according to Postmaster D. Ripley Jackson. A check kept for one week on a New Jersey postoffice disclosed the fact that during that time 8,426 errors were made by the public as against seventy-four made by the postal employees. "Multiply these figures by 1000 and it would nicely describe Glendale's experience," stated Mr. Jackson. Of the public's errors in the check that was made, 1,100 letters were given directory service for want of proper name and address; 222 letters failed to carry sufficient postage; 1,824 letters were improperly addressed as to state, there being forty states with a place of the same name; 876 letters had wrong numbers; 3,944 were without street number, and there were 450 other errors. The mistakes made in the postoffice were of letters misdirected or not handled expeditiously. The public should realize, according to Postmaster Jackson, that in taking care to properly address and stamp letters, it is merely assuring better delivery service for the mail.

## Miss Anita Fletcher Heads Bible School

Miss Anita Fletcher has been selected as principal of the Daily Vacation Bible school which is to be opened at the First Presbyterian church, corner of Broadway and Cedar street. Mrs. George H. Yarnall will have charge of the kindergarten, Miss Annabel McKellar of the primary section, Miss Agnes Tupper of the junior girls' department and D. L. Foster of the Bible Institute will have charge of the Junior boys' department. The school will be in session each week day from 9 a. m. until 12 m. and will be open to children of all creeds or none and from the ages of four to thirteen years.

## PHYSICIANS TO MEET

The Glendale Physicians' club will be entertained at a dinner given tonight at the Glendale Sanitarium and Hospital at 7 o'clock this evening. Dr. Lawrence Lepper will read a paper and musical selections will be given.

## RESUME OF WORK IS REPORTED BY TELEPHONE CO.

Division Superintendent In  
Letter Gives Outline of  
\$165,000 Plans

"The Pacific Telephone & Telegraph Company is leaving no stone unturned to not only keep pace with, but to get ahead of the phenomenal growth in the Glendale exchange."

That is the statement of N. R. Powley, division superintendent at Los Angeles, in a letter to Fred Deal, local manager, telling of the \$165,000 worth of work involved in the several projects now under way in this vicinity.

While the original program involving more than \$100,000 has been made public, following is a complete resume of the expenditures being made for the good of the service here:

An expenditure of \$45,500, is now being made for aerial cable extensions to relieve the entire northern section of the city, to provide ample facilities to care for the growth.

An expenditure of \$25,000, which covers the placing of underground and aerial cable in the southern section of Glendale, is evident with the crews being used.

**Orders on Hand**  
The present orders on hand will be disposed of in general by July 1, 1922.

An expenditure of \$48,150 has been approved, covering the installation of two additional sections of switchboard, involving 1300 answering jacks and 1160 multiple. This work is of considerable magnitude, and the completion date is April 1, 1923.

There is also under way \$6,500 worth of underground conduit work and \$3,200 worth of underground cable work.

There is also a plan for additional trunks to Burbank and cables in this direction, to care for growth along San Fernando road. This work will be completed in 1923 and at an approximate cost of \$25,000.

## H. S. BURN HOME FROM YOSEMITE

Local Realtor Accompanied  
by F. B. Hupp, Now  
Plans Fishing Trip

H. S. Burn, local realtor, who with his wife recently returned from an eleven-day trip through the northern part of the state, is to leave tomorrow morning for a fishing trip to Little and Big Bear lakes. He will be accompanied by F. B. Hupp of 335 North Isabel street.

Mr. and Mrs. Burn report that in their opinion there are about 5000 persons in the Yosemite, which they visited on their trip. More than 1000 people are at Camp Curry alone, they state.

They drove to Merced, and on account of heavy rains, left their car there and took the train into the Yosemite, where they spent several days. Water is in more abundance in the park this season than for years, they said.

Returning to Merced, they got their car and toured that part of the state, going to Redwood State park, San Francisco, Palo Alto, Monterey, and other points. On part of the trip they were accompanied by P. R. Boswell of Stanford university, an old friend of Mr. Burn.

Although there is considerable snow and ice on the mountains, says Mr. Burn, the roads are in good condition, and the trip was most enjoyable. The party returned to Glendale by the coast route.

Mr. Burn and Mr. Hupp will take a cottage at Little or Big Bear lake and will devote their time to catching the big ones. They will return the first of July, or possibly after the Fourth.

## Wilhelmina Janssen Honored With Shower

Miss Wilhelmina Janssen, who is soon to become the bride of Ray Engle, was the guest of honor at a miscellaneous shower given last night at the home of Miss Virginia Helen Chappius, 600 East Acacia street. The guests were a group of twelve intimate friends of the bride-to-be, who showered her with an array of beautiful and useful gifts. Decorations were carried out in pink and white flowers and greenery. During the evening, games, music and dancing were enjoyed and refreshments served.

## MRS. BATES WINS LAMP

Mrs. L. Bates of 2139 Norwood avenue, Los Angeles, won the floor lamp offered as a prize at the Country Store, part of the recent fiesta here. The winner had her choice of a cedar chest or a floor lamp from the Trice Furniture store on West Broadway. She chose the lamp.

## Disappearance of Bridegroom Cause Of Investigation

Mystery involved in the disappearance of Fred McDaniel late Monday afternoon is the cause of considerable interest and anxiety at the automobile camp to the south of Glendale.

Mr. McDaniel and his fiancée, Mrs. McDaniel, were seen at the automobile camp about a month ago, in company with the bride's brother, William Yeager, who witnessed the marriage ceremony immediately upon their arrival.

Since his arrival, Mr. McDaniel has been engaged in the transfer business. Monday afternoon he came to Glendale with his assistant, Jack Dunn, departed minus his coat and has not been seen since. It is believed that he had about \$100 in cash with him.

Mr. McDaniel has a divorced wife in Vancouver and, say investigators, he may have returned there.

## MISS MARGIE COX AND JOHN MCCOY ARE MARRIED

Hold Wedding Ceremony  
In Los Angeles; Rev  
Edmonds Officiates

The wedding of Miss Margie Cox, daughter of Mrs. Robert T. Cox, of 907 West Fifth street, Los Angeles, and John J. McCoy, son of Mr. and Mrs. A. D. McCoy, of 1127 East Wilson avenue, Glendale, was solemnized Tuesday, June 20, 1922, at the home of the bride, with Rev. W. E. Edmonds of the First Presbyterian church of Glendale officiating.

The house was most artistically decorated with pink carnations and asparagus fern. The ceremony took place under a huge wedding bell of carnations, hung from an arch of pink and green. Proceeding the wedding Miss Valeria Rainey of Los Angeles played Cadman's "At Dinning" on the piano. The bride party then advanced to the strains of Mendelssohn's "Wedding March."

The bride was attended by Miss Helen Defty of Los Angeles as bridesmaid. Miss Defty wore a charming gown of delicate green crepe de chene and carried a beautiful bouquet of pink sweet peas. Next came the matron of honor, Mrs. Webster Daley of Los Angeles, who wore a gown of blue and carried a handsome gown of beaded creme georgette and carried a bouquet of pink sweet peas.

**Bride Daintily Gowned**

The bride entered with her brother, Albert Cox. She wore a dainty gown of white canton crepe. A wreath of pearls and lilies of the valley held the wedding veil in place. The bridegroom was attended by John Stauffacher of South Pasadena, formerly of Glendale. Both wore suits of midnight blue. At the close of the ceremony a reception was held, during which refreshments of ice cream and a beautifully decorated bride's cake were served.

The guests numbered fifty and included friends and relatives from San Francisco, Santa Barbara, Los Angeles and Glendale. Those from Glendale who attended were Rev. and Mrs. W. E. Edmonds, Mr. and Mrs. W. J. Smith, Mrs. Ella Allevett, Mr. and Mrs. L. W. Andrews, Mr. W. R. Ireland, Mrs. Alfred Robertson, Mrs. Susie Henderson, Miss Leeta McCoy, Miss Alice McCoy, Mr. and Mrs. Albert D. McCoy.

Mr. McCoy has been a resident of Glendale for a number of years and was a member of the graduating class of 1914 from Glendale Union High school.

After returning from their honeymoon trip to Lake Tahoe, Mr. and Mrs. McCoy will be at home to their friends at Long Beach, California.

## Rev. W. E. Edmonds On Executive Board

Rev. W. E. Edmonds of the First Presbyterian church is a member of the executive committee of the Pre-Millennial Association which has been instrumental in bringing the World Conference on Christian Fundamentals, one of the most important conferences that has ever been held, to this coast. The convention will be held in the Bible Institute, Los Angeles, June 25 to July 2, with sessions each day at 11 a. m., 2:30 and 7:30 p. m. Some of the greatest Bible teachers in the United States and Canada will be speakers at the convention, it is stated. The program will center on "Evolution" and its effect on religion. All of the sessions are open to the public and it is anticipated that Glendale will be well represented.

## MRS. GODFREY IS GUEST

Mrs. C. F. Godfrey of 325 North Orange street was the luncheon guest yesterday of Miss Bertha Spomer of Los Angeles.

## PICK COMMITTEES FOR METHODIST CONGREGATION

Quarterly Conference Is  
Held and Reports of  
Work Presented

The fourth quarterly conference of the First Methodist church was held at the church Wednesday night at 8:30 o'clock with Dr. W. L. Y. Davis, district superintendent, presiding. It was well attended by members of the conference and church, and was especially interesting as each department responded with an excellent report of the year's work which shows marked growth all along the line.

Dr. C. M. Crist's report was an exceedingly optimistic one. Telling that the co-operation of the official board and the entire church membership had made possible the fine results of the year's work, he was unstinted in his praise. He pointed out a number of outstanding achievements, among them the fact that besides a budget of \$12,000 for current expenses and \$4500 for benevolences the church raised by subscription, a few months ago, over \$21,000. This amount provides for all indebtedness on church and parsonage properties and leaves a good sum for needed improvements, which will include the seating of the gallery.

The church school, according to Dr. Crist's report, is in a most prosperous condition with an average attendance for the year of approximately 600. The women's societies and the brotherhood are all in fine condition and functioning in a wonderful way.

**Effective System**  
The "unit system" is very effective. There are twenty units, which include all of Glendale, and each unit is presided over by one who is called the leader. With four assistants for each leader the work of visitation is well cared for.

The religious educational department under the direction of Carl C. Seitter, according to the pastor, has met a great and long standing need in the work of the local church.

There has been a net gain in church membership in the last nine months of 137. The total membership being now well over 1100.

Mr. Seitter's report showed that (Continued on Page 2)

## LOCAL KIWANIS VISIT AT POMONA

Glendale Members Return  
With Impressions It Is  
Hot—Exceedingly So

The Pomona Kiwanis club was visited yesterday noon by six representatives of the local club who made the trip in Mayor Spencer Robinson's Hudson.

"If you think a certain unmentionable place is hot, you want to go over there," remarked Allan N. Fairchild of 1036 Boynton street commenting upon the party's experience in changing rear tires, which he now exclaims: "a couple of miles this side of the destination and gave Old Sol a good laugh."

"Pomona" means "Plenty" and Lyman P. Clark, president of the local club, believes that the name refers to "Plenty of Sun."

The club's program was entertained by several solos by our singing mayor, piano selections by "Herb" Henning and saxophone numbers by "Bill" Bode.

M. B. Towman, manager of the local branch of the Southern California Automobile club, reported a very pleasant outing.

## G. A. Houdyshel and Family Visit Here

Mr. and Mrs. G. A. Houdyshel and daughters, Viola and Helen, of Montague, Calif., are guests for a week at the home of Mr. Houdyshel's parents, Mr. and Mrs. S. Houdyshel of 308 North Orange street. Mr. and Mrs. S. Houdyshel are entertaining with a family dinner party at their home tonight. Their guests will include Mr. and Mrs. G. A. Houdyshel and family, Professor and Mrs. C. E. Houdyshel and daughters, Eleanor and Roberta, of Los Angeles, H. D. Houdyshel of Santa Fe Springs and Miss Sadie Houdyshel and Miss Sibyl Houdyshel of Glendale.

## Plans Made for Missionary Work

Mrs. Floyd Mercer, president, and Mrs. O. L. Kilborn, vice-president of the Women's Missionary Society of the First Christian church, entertained the leaders of the divisions of the society yesterday at luncheon at the church bungalow. Plans were outlined for the work of all the divisions for the coming year. Twenty were present at the luncheon. The society now has a membership of 134.

## REAL ESTATE MEN DECIDE TO FIGHT PARKING LAW

Ordinance Is Cause of Much  
Business Loss to City,  
Realtors Declare

The parking ordinance and other traffic difficulties were the main topics of discussion at the meeting yesterday of the Glendale Realty Board, which was attended by twenty members of the board. Secretary E. P. Hayward stated that the committee was working on the details of the multiple listing system, and that a report would be ready soon.

Real estate advertising was discussed, and minor matters taken up.

Then the parking ordinance was mentioned and the air grew stormy. President C. D. Thom told of two cases where persons had come to Glendale to buy property. These people, he said, were in reality officers discussing property which they wished to buy, and on returning to their cars parked outside, found a tag on them.

After paying their fine these prospective Glendale residents returned to the real estate office to inform the agents that they had decided not to move to such a town, he stated.

President Thom asked that members of the Realty Board appear at the council meeting tonight and express their feelings in the matter. Several members of the board promised to be there, and it is expected that a good sized delegation will represent the board in its protest against the ordinance.

**Call Law Ruinous**

It was moved, seconded, and later passed that the secretary of the board send a letter to the city council, expressing a resolution of the board that the parking ordinance should be repealed immediately, stating that the ordinance was ruining the reputation and business of Glendale.

"You can put me on record, and I believe the rest of the board along with me, that this 'pinching' of automobile drivers in Glendale for violation of this parking ordinance will kill this town if it is permitted to continue," stated Mr. Guthrie. "The speed laws are all right, and are in most cases rightly enforced, but this latest ordinance is a disgrace," he finished.

**Oppose Free Rides**

After the meeting had calmed somewhat from the ordinance discussion, the question of busses which give free rides to the oil fields was brought up. The formal protest against the use of the city streets by these busses was mentioned.

It was recommended that the city council be urged to prohibit the use of the city streets for advertising purposes, thus eliminating the oil bus feature. President Thom announced that a speaker would be secured for next week's meeting and the meeting was adjourned.

## Janice Brown Is Hostess on Birthday

Janice Brown of 711 North Isabel street was a charming little hostess last night at a party when she entertained in celebration of her thirteenth birthday anniversary. Punch was served and games were played on the lawn. A birthday cake, prettily decorated with pink and white, was served later with other dainty refreshments to Evelyn Meeker, Betty Glade, Helen White, Virginia Horner, Josephine McLaren, Rebecca Brant, Jeannette Yarbrough, Kathryn Kitterman, Marjorie Swan of Hollywood, Bruce Harshburger, Preston Hanning, Harry Leiser, Charles Hart, Maurice Toll, Bob Seitz and Harold Campbell.

## W. H. Reeves Is Named Delegate

The approaching membership drive was the principal subject of discussion last night in the American Legion hall of the local post of Spanish War Veterans. Capt. W. H. Reeves, commander, was elected delegate to the national encampment, which will be held in Los Angeles the third week of August. Dr. William C. Mabry, vice-commander, was elected alternate delegate. Several candidates appeared for initiation. It was decided to postpone this until the next meeting.

## Charles Cressy to Be Kiwanian Speaker

Glendale club will lunch tomorrow noon at the Broadway Inn at corner Broadway and Glendale avenue. Charles Cressy, formerly of London, England, and now with the R. L. Kent company, will speak on "Street Advertising From An Architect's Point of View." Bill Bode will furnish several saxophone numbers. A. L. Baird is in charge of the program and J. H. Wittmeyer will furnish the attendance prize, according to President Lyman P. Clark.

Action was also taken to place the international bureau of identification under the supervision of the United States department of justice.

## PHYSICIAN SHOT AND KILLED BY ANGERED PATIENT

KANSAS CITY, Mo., June 22.—"Either cure me or I'll kill you," George Stonoff told Dr. George L. Schmitt and when the physician informed the patient that it would require an operation, Stonoff whipped out a gun and shot him. The shooting occurred in the physician's office in a downtown office building. Dr. Schmitt died a half hour later. Stonoff, who is 24, made a statement to the police after the shooting. He declared he went to Dr. Schmitt for a treatment of a disease last November. When a certain number of treatments advised by the doctor failed to cure him, Stonoff declared he took other treatments, totaling \$300 in cost. When the physician finally told him that he must submit to an operation, Stonoff said he purchased a gun and, going to Dr. Schmitt, told him he must cure him or he would kill him. Today he called at Dr. Schmitt's office. The doctor was firm in his advice that an operation was necessary, Stonoff drew his gun and fired. He was held without bail for the killing.

## LABOR FEDERATION HALTS MOVE FOR THIRD PARTY

CINCINNATI, June 22.—The American Federation of Labor today squelched an attempt to stampede its annual convention into favoring formation by organized labor of a third political party. Appeal for a political revolt through placing a labor party in the political field came while the convention assailed all branches of the government and threatened revolution by labor if the government "continues to stop progressive evolution." Employers of labor were warned that the more they "attempted to deprive workers of their livelihood and their earnings, the quicker we will have redress." Conservatives urged the convention not to determine upon hasty judgment. "If I was to advise this convention," said Matthew Woll, vice president of the federation, "on the course labor should pursue, I would tell the administrative, the judicial and the legislative branches of the government to go to it. If they want to take away our earnings and our liberties, if they want to stop progressive evolution and substitute revolution, go to it." President Gompers attempted to stop debate when men from all parts of the floor sprang up. The convention voted, 167 to 62, to stop the debate. It then almost unanimously adopted the report of the special committee on judicial decisions which embodied United States Senator La Follette's program for labor combatting adverse court decisions.

## BRIDGE INTO PARK IS ENDORSED BY PROGRESSIVES

No Particular Site Is Being  
Favored; Modesto Boys'  
Band Due June 30

Civic matters yesterday noon in Yo White, Inc. 223 South Brand boulevard, occupied the attention of the Glendale Progressive Business club. G. C. McCormell of 633 East Broadway presided.

A resolution of sympathy was extended to Capt. W. B. Kelly, president of the organization, who was absent on account of the recent death, in Galesburg, Ill., of his mother, Mrs. Mary Kelly.

The Glendale Kiwanis club was held several compliments by Dr. Henry R. Harrower, who was its guest last week. He stressed the business-like manner in which the Glendale Progressive Business club was conducted, and the personality of the organization.

A resolution in favor of a bridge across the Los Angeles river connecting Glendale with Griffith park was recommended by Attorney G. H. King of 106-A East Broadway. It was adopted unanimously. The club decided not to endorse any particular bridge site.

**From Central Section**

A junket of boosters from Modesto and Stanislaus counties will be invited to spend a few hours in Glendale on the morning of June 30. They will be accompanied by the Modesto Boys' band, which is famous in Central California. A committee to co-operate with other local clubs and arrange for publicity and the reception was named. Its members are E. N. Radke, 193 South Brand boulevard; Attorney W. Claire Ansapach, 111 East Broadway, and S. P. Bell, 127 North Brand boulevard.

"The Spring Poets' Dinner," which is to be held next Monday night by the club in the banquet room of the Glen Inn, according to Dr. Harrower, is bound to be "a howling success." He stated that most of the arrangements had been completed. Miss Mildred E. Pray of 368 Milford street, professional pianist, will play; Henry Cantor of Montrose, who is sales manager for the realty firm of Endicott & Larson and also a professional tenor, and Mrs. E. N. Radke, 405 West Doran, will take (Continued on Page 2)

## MUSICAL GIVEN FOR ORGAN FUND

Mrs. Charles A. Parker's  
Home Is Scene of Very  
Pleasing Program

Sixty guests were received Wednesday afternoon at the home of Mrs. Charles A. Parker for the musical for the fund for the new Congregational church organ. Assisting hostesses at the affair were members of the organ committee, which includes: Mesdames Charles A. Parker, G. Sherman, L. P. Abell, Gerard Kaemmerling and Irene McReynold.

Large bouquets of snapdragons and roses were used by the hostesses in decorating for the affair, which was featured by a musical program. A sum of \$25 was realized to add to the organ fund.

Program numbers were given by Mrs. Erona Hopkins, harpist; Mrs. Helen Graham Cole, piano; Mrs. L. N. Hagood, pianist; Mrs. Gerard Kaemmerling, soprano, and Mesdames Helen Graham Cole, Frank Arnold, Albert Draper and Charles A. Parker, members of the Nevins Quartet. Miss Gertrude Champlain accompanied Mrs. Kaemmerling and Mrs. Hagood accompanied the quartet.

Every phase of the affair was a success and those who presented the program were complimented on their artistic and talented work. It was a perfectly balanced program and it would be difficult to single out any number as the best. However, the harp solo by Mrs. Hopkins, the selections by the Nevins Quartet and the singing of "Tossing a Green and the harp accompaniment by Mrs. Hopkins were particularly enjoyable.

## Napoleon LeBlanc Going to Montreal

Napoleon LeBlanc of 204 East Maple avenue has returned from Salsburg Hot Springs and states it is just as warm there as here. It is not so when in bathing. He is preparing for a trip which will take him to Montreal, expecting to get there before the threatened rail strike may be called. He has a brother and sister living in that vicinity.

On his return to California, Mr. LeBlanc will visit another brother, a noted army surgeon at Chicago, also a sister at Providence, R. I., and a brother at Springfield, Mo. He also will visit other relatives in the middle west and his old home in Missouri.

## Discuss Public Park

"I think the club ought to go on record to do something for a public park in Glendale," stated W. C. Waring of 201 South Brand boulevard, with great earnestness. "There is no one here who is not interested in parks," replied Dr. Harrower, with much pathos. "But there are some people in Glendale whose interest does not extend to their pocketbooks."

Dr. Harrower asserted that the time for Glendale to acquire a centrally located municipal park had passed. In view of the strenuous effort expended by himself, Richardson D. White, superintendent of schools, and Mrs. C. E. Hutchinson, ex-president of the Tuesday Afternoon club, and other public-spirited citizens, to locate a park on Broadway between Jackson and Kenwood streets, Dr. Harrower declared that the park question was passed so far as he was concerned. "The only thing that we can do now," he remarked, "is to hope that someone will donate us land for a park."

**Municipal Bathhouse**  
Dr. Harrower said that he would not express his real opinion about the park in the northwest section of the city, but that the municipal bathhouse there might be of real service to the community. He called attention to the opportunity offered the club to help equip it with apparatus. He said that he would be more than glad to contribute \$5 towards the purchase of a water-slide.

The appointment of a committee to take up the matter with the city council was recommended by W. C. Waring.

"If one committee is unsuccessful, let's appoint another," he remarked. "Let us make life miserable for the councilmen until they give us parks."

Because of the absence of President W. B. Kelly, action was deferred until the next meeting. A suggestion was made by Mr. Radke that something should be done to encourage the Southern Pacific Railroad company to invest in an adequate station for Glendale.

Dr. Henry R. Harrower immediately was fined 25 cents for almost exploding.

"We are supposed to have some amusement at our meetings!"

## Loses His Bulldog

"You can't buy a ticket to Glendale," asserted Mr. Radke. "The town isn't on the map. I tried to buy a ticket here from the east and also from San Francisco. I was told that I would have to come to Los Angeles. I had two bulldogs with me and when I got to Los Angeles I had to have them shipped out here by Wells-Fargo. They got lost and it took me three days to get them back again."

A ripple of laughter at this hard-luck story encircled the table.

James Howarth, secretary of the organization, said that friends who had gotten off the train at the present station after dark and had found no telephone and no taxi had a rather unpleasant experience with their baggage.

Recommendation was made by C. L. Smith of 110 South Kenwood street, who was a guest of the club, that residents of Glendale should buy all their transportation at the local ticket office instead of getting it in Los Angeles. He asserted that he was well pleased with the present location of the Southern Pacific station.

No action was taken on the subject.

Another guest of the occasion was J. Erlanger, whose headquarters are at 719 East Broadway in the Glendale Window Shade Factory.

## Financial Amusement

Much amusement was caused during the meal by the imposition of fines for various offenses. These were collected by E. B. Sutton of 120 South Maryland avenue who was appointed sergeant-at-arms at the last meeting.

The singing of several songs at the close of the meeting was led by Postmaster D. Ripley Jackson. George A. Whitaker of 400 East Broadway "bawled" the board of directors out for not showing up last Friday noon for an executive session in the Broadway Pharmacy.

Besides those already mentioned the following were present: E. F. Heisser, 1119 North Louise street; J. C. May, 617 South Pacific avenue; W. Q. Widows, 1218 East Harvard street; A. E. Gilmor, 138 South Brand boulevard; C. U. Mandis, 216 North Howard street; Dr. James A. Belyea, 111 East Broadway; P. E. Hoyt, 205 East Broadway; and F. S. Hill, 121 South Brand.

Tommy—"Pop, just what is meant by fair but false?" Tommy's Pop—"Oh, women, and weather predictions, and things like that, my son."

An event of the season. An opportunity to get tailor made clothes at prices paid for ready made. By special arrangement Robinsons Men's Shop is able to offer for today, Friday and Saturday hand-tailored suits for \$35. Let them take your measure today. Other special values offered for the same three days are Palm Beach suits, \$20 sellers, at \$12.95. Pure silk shirts at \$4.95 and Madras shirts at \$2.35.—Advertisement 6-22

# Will W. E. Evans Pay Bebe's Fine for Speeding Here

Bebe Daniels, film star, appeared at a Chamber of Commerce meeting in the exposition tent here last year.

Introducing her, Attorney W. E. Evans, the toastmaster, referred to her Santa Ana jail sentence for speeding and announced that she could go as fast as she wanted to in Glendale.

Yesterday she had the first occasion to visit this city and told her chauffeur to "step on the gas."

Of course, she was arrested, and tomorrow the petite actress will face Judge F. H. Lowe.

Nothing less than an honest goodness fine can be expected.

Will Attorney Evans pay it?

## Preacher Explains Wants of Labor

COLUMBUS, Ohio.—"An educated laboring class will not be defied," declared Rev. Alva W. Taylor, secretary of the Board of Temperance and Social Welfare, Church of Christ, in an address here on "What Labor Wants." He said the labor questions of today are largely due to the free education of the children of laborers.

"Labor wants what the middle class has," continued Rev. Mr. Taylor. "Labor wants security in employment, adequate leisure and a normal home."

"Without adequate income none of the good things of life are possible."

"It has been said that capital

## Hunting Dogs Fall In 'Flue' Epidemic

WOOSTER, Ohio.—Has Reynard fallen a victim to the flu? Wayne county hunters who stalk the woods in winter, using dogs to chase the foxes from their hiding places, explain in this way the remarkable decrease in the number of the woods' wildest denizens.

A scourge of an epidemic closely resembling the flu that proved so deadly to humankind a few years ago has been killing hunting dogs in this part of Ohio recently. Veterinarians are battling the epidemic, which resembles distemper in an aggravated form.

Owners of high-priced hunting dogs are the principal sufferers. Numerous dogs in this vicinity

## Chinese Boy Slayer Gets Court Clemency

WASHINGTON.—Liang Sung Wan, Chinese student, convicted of killing Ben Sen Wu, an under secretary to the Chinese Educational Mission, in January, 1919, will not be executed until November 17 next.

Justice McCoy, presiding in the criminal court here, granted the Chinese youth the stay because of an appeal pending before the court of appeals. He was to have been executed June 2.

## HOUSE TO HAVE RECESS SERIES

Congressmen to Go Home  
and 'Sell' Shipping Bill  
to People

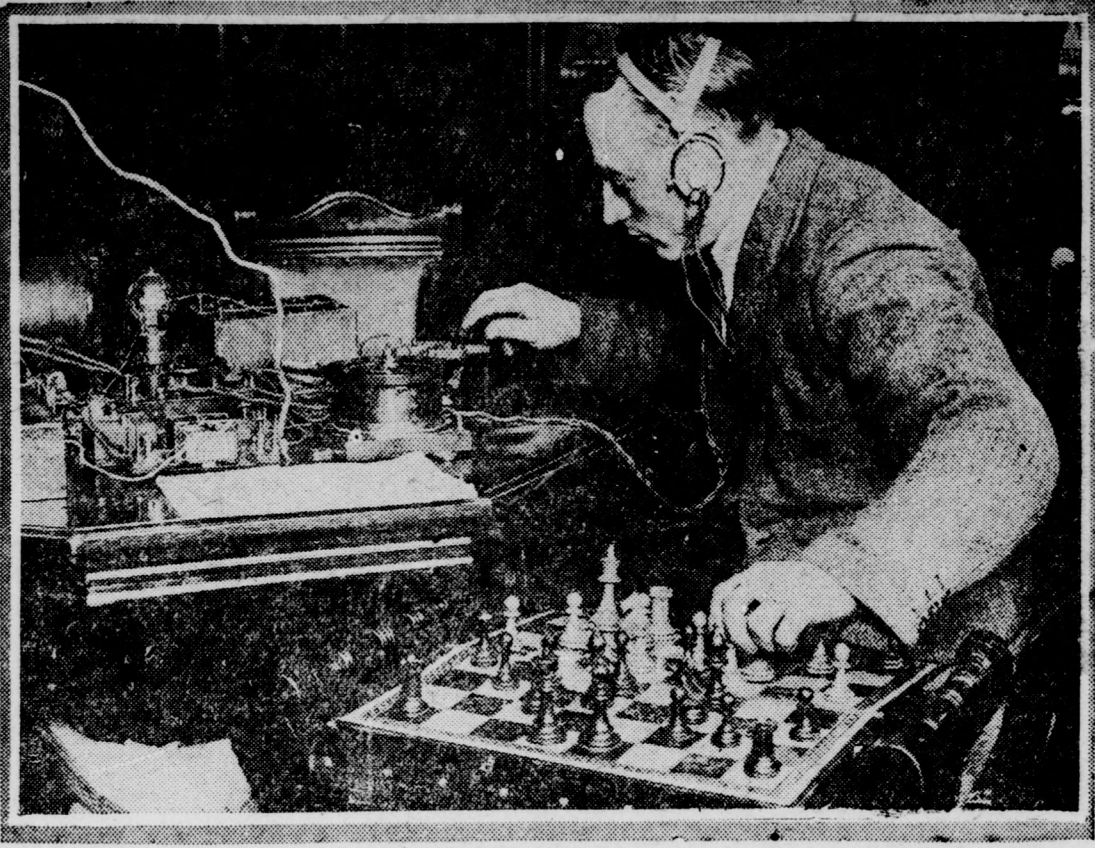

By A. O. HAYWARD

For International News Service.  
WASHINGTON, June 22—Relieved from an embarrassing situation by President Harding's willingness to let the ship subsidy bill go over until after the senate disposes of the tariff, Republican leaders of the house drafted plans today for a series of three day recesses to start about July 1.

Congressmen will begin soon to leave for their homes to "sell" the shipping bill to their constituents and will not again take up the measure until the country has had an opportunity to consider the legislation and to voice an opinion concerning it.

President Harding is confident the delay will gain votes for the bill as the people become better acquainted with its provisions.

## JACKIE'S TROUBLE WILL END TODAY

Coogan Comedy Closes Run  
at T. D. L., So Hurry If  
You Would See It

It is a task for one to believe that Jackie Coogan could make a finer photoplay than his last production, "My Boy," but according to reports his latest starring vehicle, "Trouble," which will occupy the screen of the T. D. & L. Theatre for the last times today, surpasses all his previous achievements to date. It was directed by Albert Austin, who is well known here.

"Trouble" portrays Jackie in one of the sweetest roles that one could imagine—that of "Danny," an unfortunate orphan. The story begins with Jackie's dog "Queenie" being thrown out of the orphanage, this breaking the poor lad's heart; he escapes in the early hours of the morning. Jackie is adopted by a cruel plumber who is not very fond of work, but has a great habit of breaking the Volstead act. When the food is all gone and Jackie's mother is in despair, the lad takes a man's job. Then the trouble comes more than ever, but Jackie's determination to bring happiness wins, with the result of a wonderful home for his mother and himself. See how!

### BERLIN IS IN TROUBLE

OF GREAT CRIME WAVE  
BERLIN—The Berlin crime wave was the highest since ten years in April this year, according to the statistics issued by the police headquarters.

There were 250 cases of street robbing and forty cases of manslaughter.

Berliners are planning to organize effective self-protection by means of hired private detectives and by procuring for themselves a permit to carry arms.

## Pastor Killed In Search for Facts About Bootlegging

ALBANY, Ore., June 22.—

A quest for first hand information from which he expected to write a book on violations of the prohibition law cost the Rev. Roy Healy, pastor of the local Christian church, his life and also the snuffing out of two others.

The Rev. Mr. Healy, accompanied by Sheriff C. M. Kendall, went to the farm of David M. West, fifteen miles southeast, late yesterday and discovered a still. They went to the house and entered into conversation with West, aged about 60 years. As they left the house, ostensibly to destroy the still, West secured a shotgun and fired a shot at the sheriff, who dropped dead in his tracks. The minister started to run, but was brought down with another shot.

## C. C. MOORE OUT FOR SENATORSHIP

San Francisco Man Will  
Run Against Johnson  
for Nomination

SAN FRANCISCO, June 22.—Battle lines were drawn today for a political fight.

C. C. Moore, capitalist and widely known for his work as president of the Panama-Pacific International Exposition, has consented to head the anti-Johnson forces in California as a candidate against Senator Hiram Johnson for re-nomination.

The forces lining up behind Moore are declared by Johnson's friends to be approximately the same that supported Hoover two years ago when he made his futile fight against Johnson, and certain anti-Johnson elements of the Republican party whose enmity dates back to his administration as governor.

Chester H. Rowell, state railroad commissioner and former editor, was to manage the Moore campaign, but he declined because of pressure of business.

Moore declined to discuss his candidacy today, but it is understood he was averse to making the campaign and it was only after several hours' persuasion that he consented to enter the fight.

Rowell's support is taken to indicate that Moore will run on a platform of opposition to Senator Johnson's policies.

### HUGE PIKE LANDED BY WEST VIRGINIA FISHERMAN

PARKERSBURG, W. Va., June 22.—Well, now that West Virginia's fishing season is under way, how is a fifteen-pounder for a starter?

Harry King, of this city, is the hero of this yarn. He landed a wall-eyed pike of the weight stated, while fishing in the Ohio River, near here. It was one of the largest and finest fish of the kind caught hereabouts in years. King brought it to the local wharfeboat, where it was weighed.

Pike at one time were common in the Ohio River, but of late years they have been scarce, especially of the larger size.

## CHINESE ATTACK FOREIGN WOMEN

Missionaries Marched to  
Mountain Fastnesses, It  
Is Reported

NANCHANG, China, June 22.—

Two gunboats proceeded from Nanchang today to protect and remove foreigners from the district in which mutinous soldiers of Wu Pei Fu are reported to have burned and looted Kiang Fu, Chang Shu and three other cities and slaughtered upwards of 10,000 natives.

The entire district has been razed, reports reaching here said, and thousands of fugitives are fleeing.

Refugees from Kiang Fu tell a terrible story of rape, pillage and murder by the revolting Wu Pei Fu troops.

Women foreign missionaries have been roped to Chinese Christians and marched to mountain fastnesses, according to one story brought here.

According to the meager reports trickling in here from many sources, it ranks as the most terrible affair of the kind since the Boxer rebellion.

The entire province of Kiangsi is in a reign of terror. All communications have been stopped throughout the province.

A big colony of Catholics at Taiho has sent a plea to Shanghai for help.

The soldiers under General Tsai were in Kiangsi province to fight the troops of Dr. Sun Yat Sen. Unable to control his forces General Tsai is reported in flight after telegraphing an urgent plea to Wu Pei for help.

## STRIKING UNION MEN IN BATTLE

Fight of Miners With Coal  
Company Employees Is  
Again Resumed

HERRIN, Ill., June 22.—The battle between striking union miners and employees of the Southern Illinois Coal company, after an overnight lull, broke out again early today, according to reports reaching here. Corroboration of the report was furnished by a tremendous explosion, about 7 o'clock, coming apparently from the beleaguered pit mine, five miles away, where a number of men are reported to be surrounded by a small army of striking union miners.

Three men are known to be dead as a result of the fighting, which began late yesterday afternoon. A check-up will show many more dead, it is feared.

The dead:

George Henderson, 45, union miner, Herrin.

Tony Fiechavich, 23, union miner, Herrin.

Union miner, name unknown, of Marion.

### NOT TO SEND TROOPS

SPRINGFIELD, Ill., June 22.—

"The sending of troops to Herrin is not being considered," Adjutant-General Carlos, Black said here today. The head of the state military forces declared his reports from Colonel Hunter at Herrin did not warrant the probable inciting of further trouble by the sending of troops to the already inflamed area.

### BLAMES COAL COMPANY

MARION, Ill., June 22.—Sher-

iff Melvin Thaxton of Williamson county, declared today that troops would not be called to quell the open warfare between striking coal miners and the employees of the Southern Illinois Coal company, which has been working a strip mine five miles from here with men imported from Chicago.

Sheriff Thaxton declared that the Southern Illinois Coal company was entirely responsible for the outbreaks.

WRONG! ONE-TO-SEVEN,

## Never Before Perhaps Never Again

Will you have the opportunity to make an investment where so small an amount of money will bring so great return. I have been drilling wells for fifteen years and have never had such an opportunity before.

**Every \$100.00** you put in with me **should pay you back \$3000.00.**

If this was four or five hundred barrel territory I would not be talking to you, but when I tell you that my lease lays directly between **two 4000-barrel wells** and **off-setting the big Agee gusher** of the General Petroleum Corporation, I want you to wake up and take notice.

Do you realize that every \$100.00 you invest gives you an assignment of 1-1750 part of 70% of my total net production?

Do you realize that this 70% is paid by the pipeline company to the Bank and distributed to you pro rata every thirty days?

Do you realize that my lease is surrounded on four sides by The Standard Oil Company, the Dutch Shell, the General Petroleum Corporation and the Petroleum Midway?

Do you realize that when my well goes on production in 90 days you can figure every night what you draw down?

Do you realize that I am offering you the **squarest and surest opportunity ever submitted to you and that it is not going to last forever.**

If you were given a tip on a race horse that was a strong favorite at odds of thirty to one, would you place \$50.00 or \$100.00 on him to win? I am that horse and am entered to start July 1st at Santa Fe Springs, and the race will be run to that 4000-barrel pay, and take it from me I am going to win.

Place your bet on me today, show me you believe I'm right. I'll never betray that confidence.

Mail your check to me today or come in and meet me personally.

## The Sport Crucible

NEW YORK, June 22.—Another work-out for Jack Dempsey on Labor day at Michigan City. This time Bill Brennan will be the victim.

This is the word that goes out as Jack Kearns, Frank Flounoury and the worthy Mr. Rickard went into executive session today on the moot question of Dempsey's immediate opponents.

The proposed bout with Wills is getting warmer every day, since a site at Montreal has been looked upon favorably.

"I have never had an offer of any kind of a purse for a Dempsey-Wills," declared Jack Kearns. "If the New York State Boxing commission wants Dempsey to fight Wills, let it produce a promoter who will make a definite, bona fide offer. Then see how quick we will do business."

If the match is safe, the choice of Montreal is well nigh inevitable. Political entanglements will keep it far from Jersey City. There is no stadium in New York, unless Mr. Rickard gets out and builds one large enough to make a paying venture. And Michigan City is not deemed to possess the necessary stadium.

Now for Willard.

That individual yearns for action against Dempsey and the champion has no wish to disappoint him. Since the bout will draw more cash customers than the scheduled push-over with Brennan, the latter is said to be out.

Eleven home runs in the Coast league games last Sunday brought the total of complete circuits of the bases of the league up to 230 for the eleven weeks of play.

Schick of Salt Lake, against Oakland in the second game Sunday netted two homers and this placed him in the lead for the highest number of homers in the league so far this season with a total of eleven. The two games Sunday between Salt Lake and Oakland netted five homers.

Jimmie O'Connell of San Francisco continues to head the batting average with .401 per cent for the end of the eleven weeks of play. He also heads the league with the greatest number of base hits to date—105, but he is being given a close race for the lead by V. L. of Salt Lake with 103. Siglin, S. L. 102, and Griggs, L. A. 102.

Besides leading with the greatest number of home runs, Schick of Salt Lake also leads the league with 68 runs he has gone across the plate.

Siglin, Salt Lake, and Poole of Portland are the stellar two-base sockers, both having netted 26.

Hawks of Vernon leads the three-base swatters with an even ten triples.

The British open golf championships which will be played beginning June 19 at the Royal St. George club, Sandwich, England, first was contested in 1860 and for the first dozen years was played over the Prestwick course. It was not until 1872 that various courses were used in this tournament. W. Park was the first winner of the event and he made the course in 174 strokes.

For the first dozen years, Tom Morris, Senior, Tom Morris, Junior, and W. Park, practically had a monopoly on the title, the only other player to annex the title being A. Strath in 1865. During those dozen years Park won three times, Tom Morris, Senior, four times, and the Junior Morris, four times.

From 1860 to 1870, inclusive, play was for what was called the "Champion Belt." After that year it became the "Champion Cup," this latter trophy being substituted in 1872. In 1870 Tom Morris, Junior, became the permanent possessor of the Championship belt, by virtue of three successive victories.

It was not until 1896 that the competition was extended to 72 holes, the winner that year being H. H. Hilton, who went the distance in 305 strokes. Many well known names appear on the roster of winners of the British Open Championship, among those of two or more decades ago being Willie Park, Jamie Anderson, Bob Ferguson, both of these men winning the event three times in succession; J. H. Taylor, James Braid, Harry Vardon and others.

It is expected this year that there will be in the neighborhood of 225 contestants in the preliminaries of which the first hundred will be eligible to play for the medal play over seventy-two holes. Thirty-one amateurs are eligible to compete.

Jack Hutchinson, of this country, who won the event last year, is over there to defend his title, but he has himself expressed the opinion that he does not think he will be able to keep his laurels.

On what Jack bases this pessimistic prediction is not known, but the psychology of the game over that a player who goes in feeling this way, already is a half beaten man before the first ball is driven from the first tee.

Hutchinson, who hails from Chicago, won the events last year by defeating Roger Wethered, the Oxford amateur, in the play off of their tee on the St. Andrews links. Hutchinson won by nine strokes, covering the thirty-six holes in 150 to Wethered's 159.

Hutchinson made a number of remarkable shots. At the fifth hole he holed a thirty yard putt. On the other hand, Wethered, on the twelfth green, missed a two foot putt, and on the eighteenth another putt of only a couple of yards.

**SENTENCES FORMER BANKER**  
BOISE, Idaho, June 22.—S. L. Reece, former president of the defunct Bankers National bank at Pocatello, Idaho, was found guilty by a jury in federal court here on a charge of making false returns of the bank's condition. Federal Judge Van Fleet sentenced Reece to serve three years at McNeil island and to pay a fine of \$5,000.

**Old Horsemen Give Excuse for Morvich**  
LATONIA, Ky., June 22.—Although Whiskaway's victory over Morvich in the Carleton stakes is expected to shorten the odds on the Kentucky derby winner in the \$50,000 Latonia special here on Saturday, Ben Block's speedy colt is virtually certain to go to the post a favorite. That upset at Aqueduct has not convinced Morvich's followers that he is not the best bet entered in the rich feature.

In his workouts here the son of Rhythmo has turned in some mighty impressive running. Old horsemen who have watched him concur in the words of one of them, who said:

"I don't see how Whiskaway ever beat him."

The opinion of old campaigners seems to be that Morvich was not right in last Saturday's race. Most of them think that his long layoff after the Kentucky derby dulled the fine edge of his condition and that he was not in form.

Whiskaway, Broomstick, Prudery, Oliphant and a couple of other members of the Whitney stable are expected to arrive today. R. T. Wilson's Pillory, picked by many as the rival of Morvich, also is en route.

**Financial Swats Handed Babe Ruth Through Decisions**  
CHICAGO, Ill., June 22.—Ban Johnson, president of the American league, estimated that the suspension of Babe Ruth of five days without pay cost the famous home run slugger about \$15,000.

Johnson estimated that Ruth gets about \$300 a day. Figuring the six weeks that Judge Landis kept the Bambino out of the game, he has been out a total of forty-five games. At \$300 a game Ruth would be minus \$13,500 from his pay checks. Adding the \$3,700 Landis soaked Ruth for barnstorming last summer the swat king has suffered a loss of \$17,200.

## Tagging All Bases

After running their rivals ragged through eight straight games, the Tigers finally stubbed a toe against the Red Sox, 9 to 8. They scored seven runs in the last two innings, driving Collins off the premises, but Oso's ineffective pitching and Ring's errors had given the Sox too long a lead.

The Phil's three runs against Aldridge were accounted for by a pair of homers by Parkinson and another by Lee, but that was all. The Cubs won the abbreviated game, 6 to 3, Snelling Smith and Singleton pitching.

Visions of the old pastimes engaged in by the married and single men at the waterworks were recalled as the Dodgers beat the Pirates, 15 to 14.

With Ruth on the side lines, the Yanks won their second straight from the Indians, 7 to 3, hammering Edwards and Uhle while Shockey breezed along in the most approved style.

**Telegraph Briefs**  
URGES VOTE AGAINST STRIKE  
SAN FRANCISCO, June 22.—J. H. Dyer, general manager of the Southern Pacific railroad, today issued an appeal to shop and maintenance of way employees to vote against the proposed strike to "prove that a railroad strike is not, as has been frequently charged, a mere formality about which the men themselves do not exercise their own judgment and discretion."

Dyer's statement pointed out that there was no issue on the Southern Pacific system of contracting shop plants to outsiders and presented table of wages showing percentage of increase since 1917.

**SEVEN HURT IN EXPLOSION**  
AKRON, Ohio, June 22.—Seven persons were hurt, three seriously, at 8 o'clock this morning when the potash plant of the Diamond Match company at Barberston exploded. The plant was totally destroyed. Flames followed the explosion, which was in two distinct blasts, and spread to the company's large lumber yards adjoining.

**HONORS FORMER GOVERNOR**  
ATHENS, Ga., June 22.—The University of Georgia has conferred the degree of doctor of laws on former Governor John M. Slaton, whose commutation of the death sentence in the Leo M. Frank case in 1915 attracted nationwide attention.

**THREE CONVICTS ESCAPE**  
REDDING, Cal., June 22.—Advices were received here of the escape from the state highway camp at Big Bear, Trinity county, of three convicts. They are J. A. McDonald, Los Angeles county, burglary; O. E. Serna, Lassen county, bad check man, and F. Pimental, San Joaquin county, doing ten years for robbery. They have been tracked up French creek in the direction of Klamath river.

**EMPLOYEES TO GET BONUS**  
WASHINGTON, June 22.—The house has voted to continue the payment of a \$240 annual bonus to all government employees except those in the postal service and other departments whose salaries during the past year were re-graded. Approximately \$40, \$45,493 will go to government employees in bonus compensation during the next fiscal year.

## GREAT CONSTRUCTION RECORD OF THE FASTEST GROWING CITY NOW AMAZES ALL AMERICA!

GLENDALE'S great construction program, its ideal civic, business and industrial buildings, are amazing the world. One glance at the composite picture above will convince anyone that permanency, progress and prosperity are here to stay.

Under the caption, "Rapid Growth of Glendale Marked by Unprecedented Building Activity in All Sections," the Los Angeles Examiner in its issue of Sunday, June 18, 1922, printed the above picture and devoted two columns to the increase in population, the establishment of 50 new industries and growth of real estate values.

"Just how near Glendale is to paradise is a question regarding which there may be varied opinions," writes Lionel A. Johnson, "but that it is an exceedingly attractive city cannot be disputed."

Hundreds of thousands of homes, yes, more than a million people, got this message and thousands of visitors will be brought to the "fastest growing city in America" as a result. All over America the word has spread that Glendale is the whitest spot of Southern California and the Chamber of Commerce is having difficulty in keeping up with the demand for literature. The Glendale Realty Board also is sending out thousands of booklets and hundreds of copies of The Glendale News are being mailed daily to homeseekers.

The accessibility of the gateway to the north of Los Angeles, lying snugly in the green Verdugo Hills between Pasadena and Hollywood, tend to make it the center of suburban population, which, in a large measure, explains the unusual growth of the community since 1920—an increase in population of approximately 150 per cent in two and one-half years.

The business houses pictured, the firms advertising on this page—all are representative of the city and columns could be written of individual achievements. However, for the benefit of newcomers, homeseekers, etc., the Chamber of Commerce or the Glendale Realty Board will mail literature upon request.

It is suggested to subscribers that this paper be mailed your eastern friends.

## THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

We are working night and day to keep apace with the phenomenal growth of the Glendale exchange.

Our engineers were astounded by the progress made by "the fastest growing city in America."

Therefore, we are expending \$165,000 in improvement projects to give the business and residential sections the service they require.

Present orders for telephones will be disposed of, generally speaking, by July 1, 1922.

Our building program will not be complete until 1923, however.

We want to get ahead of Glendale! Two additional sections of switchboard are being installed.

Our Class A modern and model office building (No. 16) is located at 125 South Brand boulevard and is headquarters for the entire San Fernando valley, the most rapidly developing section in the world!

## LA FOLLETTE HITS SUPREME COURT

Tribunal Encroaches Upon Legislative Powers of Congress, Is Claim.

WASHINGTON, June 22—Senator Robert M. La Follette of Wisconsin attacked the United States supreme court in the senate this afternoon as having encroached upon the constitutional and legislative prerogatives of congress until "by many of its decisions it has well nigh destroyed the scheme of representative government the fathers of the republic intended to be preserved in its legislative branch."

La Follette's attack was the climax of an address on what constituted the fundamental principles of democratic government.

Senators Edge, Republican, of New Jersey, and Kellogg, Republican of Minnesota, upheld the power of the supreme court to set aside any or all acts of congress.

Edge condemned La Follette's suggestion that congress be authorized to re-enact legislation held unconstitutional by the supreme court by a two thirds vote in the manner followed in considering measures vetoed by the President.

He declared Butler to be a "bootlicker" to swollen wealth and the handy man of the "privileged."

The fiery Wisconsin senator faced Edge and Kellogg, who were seated nearby and bitterly challenged the truth of their previous assertions that his condemnation of the supreme court at Cincinnati was "not warranted by the facts."

He accused Edge of "unethical conduct," in having inserted in the Congressional Record a reply made by Butler to his Cincinnati speech.

La Follette was "fighting mad." He served notice he would offer a constitutional amendment in the senate soon, to prevent "further invasions" by the court of the legislative branch of the government.

By WILLIAM K. HUTCHINSON  
For International News Service.  
WASHINGTON, June 22. Creation of a supreme court on "tariffs" for protection of the \$65,000,000,000 annual industrial output of the United States was proposed in the senate by Senator Frelinghuysen, Republican, New Jersey.

Sweeping aside all existing methods of tariff legislation, Frelinghuysen offered an amendment to the McCumber bill to establish a new United States tariff commission of ten members named for life. This commission would be delegated the authority to fix all future tariff rates on a strictly economic basis.

The amendment asked an appropriation of \$1,000,000 to organize the commission, whose members will be appointed by the president with not more than five representing any political party.

Frelinghuysen, in urging adoption of his startling proposal, condemned the McCumber bill as "unscientific," although he was one of its framers. He advocated reforms in the present method of tariff legislation and declared the proposed commission would "take the tariff out of politics."

### ELECTRON EMISSION OR EVAPORATION

When a shallow dish of water is set in the sun for a certain length of time we find that the water disappears or is evaporated. If the sun were not shining on the atmosphere were quite humid the water either would not evaporate at all, or, at least, more slowly. It is well known that water does not evaporate at low temperatures. It is, in fact, heat which causes the evaporation. In much the same manner, if a metal body, for example, the tungsten filament of a vacuum tube, is heated enough free electrons will be evaporated from the filament. Even though the electrons may leave the filament with high velocity, they would be quickly stopped by air at ordinary atmospheric pressure under ordinary conditions. But, if the evaporation were in a vacuum (a space containing very thin or no air) they would not be so quickly stopped. This is because the electrons are so very small. As a matter of fact, even though the electrons may be evaporated, emitted or projected to some distance from the filament, they will normally be attracted back at the same rate they are projected. This is because when the electrons leave the filament they leave a positive electrical charge remaining upon it. Then the electrons being themselves negative charges, they are attracted back because of the positive charge on the filament. There are then at all times electrons being projected from and returning to the filament, so that a cloud of negative charges is present all around that body of metal. Since, as we have seen, these electrons

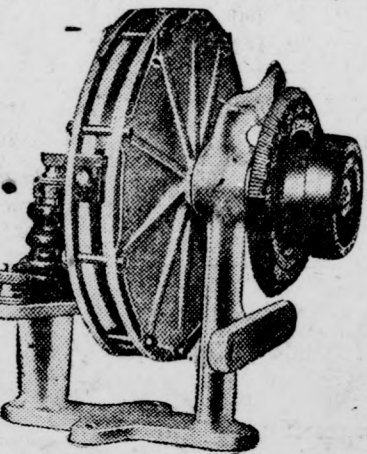

are negative charges, the cloud must be a large negative charge surrounding the filament, and there must be also a repelling effect of the cloud upon electrons just leaving the filament. Now, if the temperature of the filament is raised, as, for example, by passing a larger current through it, more electrons will be emitted in a certain length of time. That is, the electrons will be emitted faster. But the faster they are emitted the faster they are attracted back (or repelled back by the electron cloud), and a condition of equilibrium is still maintained, although, of course, it will be a new condition. In addition to the temperature, the conditions which determine the rate of electron emission are shape and chemical characteristics of the material. There are also other considerations, but those named are, perhaps, the most important.

It has been stated in a previous article that molecules and atoms may also be evaporated from a substance. If the temperature of the filament is high enough atoms of the tungsten will escape from the metal with considerable velocity and will strike the glass walls of the vacuum tube. The same thing occurs in an ordinary tungsten filament incandescent lamp. If enough of these atoms are allowed to leave the filament it is burned out or ruptured at a certain place. Also, every increase in the number of atoms evaporated means a decreased life of filament. It is quite necessary, therefore, not to heat the filament of a vacuum tube any more than is required.

RADIO ENGINEER, CUTTING AND WASHINGTON RADIO CORP.

A VARIABLE CONDENSER FOR THE TRANSMITTER  
In radio transmission where vacuum tubes are employed it is very often necessary to use a variable condenser, for example, in

the antenna circuit, to vary the wave length. The variable condenser shown is very well adapted for this purpose, and, in fact, may be used in any transmitting circuit where a variable condenser is required. It will stand up to 4,000 volts, as has been shown in tests made by the manufacturers. It will stand five amperes of current at its maximum capacity setting.

The construction is shown in the illustration. The variation of capacity is secured by turning the drum, which is controlled by the knob. This knob and dial are the only parts showing on the front of a panel, the condenser being easily mounted on the back. The condenser may also be mounted on the back of a transmitter. The condenser may also be mounted on a table for experimental work. Very smooth and close adjustment of capacity is had and results in close tuning. The condenser is available in two sizes, one with a capacity range of from 0.0001 to 0.005 microfarads and the other with a range of from 0.0001 to 0.0012 microfarads. The smaller size is best suited for reception. With the capacity range of the larger size, the wave length range may be varied from 50 to 100 meters in the average low power transmitter.

One of the advantages of this type of condenser is the freedom from warping plates, which might

## SAYS FINANCIERS HOLD UP BONUS

Senator Ladd of North Dakota In Plea for Justice to Veterans

WASHINGTON, D. C., June 22.—Demanding that a cash bonus be passed without further delay, Senator Ladd, Republican, North Dakota, charged in the senate that powerful financial interests entrenched behind the banks and bankers were seeking to prevent the former service men from being compensated for their sacrifices in the world war.

"While we have been haranguing and doing nothing about soldiers' compensation," Ladd said, "the men who risked their lives for America have suffered all kinds of hardships. It has been no uncommon sight to see some of them at the back doors of citizens' homes asking for bread. One of the greatest strains that has been placed upon American honor has been the attempt to blacken and besmirch the patriotic American boys who faced hell and death on the bloody battlefields of France."

"The people of this great land should be ashamed into humiliation at such a spectacle. These American boys are not asking for a gratuity. Why should they be insulted by even an intimation of such a charge? These boys should not even be faced with the necessity of asking for simple justice."

## COMMENT THAT'S ALL

Sunny Southern California  
A Desirable Community  
Good Street Planning  
How Styles Do Change  
By Gil A. Cowan

"SUNNY Southern California" well describes a booklet issued by the Union Pacific railroad this week for the purpose of bringing tourists here. There will be 35,000 distributed this summer for fall and winter travel.

The pictures and story are very good, indeed, and the folder is one of the most pretentious ever published by a railroad company. However, it is a sad fact that nothing is said of Glendale and it appears only in small type on the Union Pacific map.

As the "all year playground" of America, there is not a better place than Glendale to have a permanent residence in southern California. It is fortunately located between the mountains and the sea, accessible to everything of consequence and offering a sheltered nook for those who wish to avoid the hustle of a great city.

Indeed, it is too bad that Glendale has no great hotel to accommodate tourists like Pasadena. If such a movement ever is set on foot to fill this long-felt need, every citizen should back the project, provided it is practical.

That would give the Union Pacific a good reason for recognizing Glendale as an immediate destination for tourists.

Hollywood and Pasadena really deserve the heartfelt thanks of Glendale. Hundreds of people are brought here to southern California by those sister communities—and then the newcomers locate in Glendale.

Maybe it is a compromise on the part of these people, who would like to live in Pasadena and Hollywood at the same time. More than likely, however, it is because they love Glendale better.

It is that intangible something about this community which keeps it in a high class, the dwelling place for people of discernment, if not wealth. And the purchaser of property can rest assured that there is no place within the city limits where his neighbors will be undesirable.

The conflict of street names, which has been commented upon several times, is not due to the city authorities, be it understood.

No, indeed. The engineering department informs me that Vine avenue now is Western avenue, that Chester Place is an extension of Chester street, that Park avenue in Casa Verdugo lies outside of the city's jurisdiction and will conflict with Park avenue in the southern section of the city until Casa Verdugo comes under Glendale's control, and so on and so forth.

Walnut street, for instance, has been changed to Orange, because it was an extension of the same street and subdividers are being induced to accept already established names where streets eventually will continue into their tract.

That is a good policy to pursue at this time and will facilitate matters in years to come.

Have any of the women members of this congregation had occasion to buy a sunbonnet recently?

Chances are that you have not and, further, if there is a sunbonnet on sale in town, will that merchant please advertise?

A friend confided to me that she visited seven stores to get one and their stocks revealed that they had been off the market.

Will the women have to wear straw hats, folks?

The time-honored "Punkah-wah" and his age-old "Punkah" are being driven from the Indian household by the American electric fan, according to Trade Commissioner R. A. Lundquist in a survey of the electrical goods market of India and Ceylon to the Department of Commerce.

Electric cooking devices, however, Mr. Lundquist declared, are not making much headway, because, "the housewives of India are not very keen on anything in the cooking line."

Sales of American batteries have increased materially, principally because of the overwhelming increase in the sale of American motor cars. Trade Commissioner Lundquist does not agree with American electrical goods exporters who concede the Indian market to the British. According to his investigation, American electrical specialties of a great variety compare favorably in quality and price with those of other exporting countries and he urges "aggressiveness" in approaching this field.

## Syracuse Lunch to Open on Saturday

The Syracuse Lunch, the latest addition to Glendale's mercantile army, will open Saturday morning for sunrise breakfast with F. C. Allison manning the cash register, and coffee, cream and ice-water kept, and his "buddie," C. I. De Monte, directing the culinary detachment.

"Our policy is high-class meals at popular prices, with quick, clean service," said the proprietor.

"We hale from Syracuse, N. Y., but on our way to Glendale we stopped in Los Angeles long enough to start a 'Syracuse Lunch' and build up an enviable reputation for quality cuisine."

"We hope Glendale likes us, for we like Glendale and we will stay open just as late as there is a demand for food from our larder."

Miss Lila Lauderdale of Highland Park, Ill., is expected tomorrow at 334 West Doran street by her mother, Mrs. H. M. Lauderdale, and her two sisters, Miss Clara Lauderdale and Miss Margaret Lauderdale. The three sisters will leave next Tuesday for Yosemite and San Francisco. Later they will spend a month in Monterey where they will be joined later by their mother.

Miss Alma Geiger, pianist, of 627 North Central avenue is hostess today to have with her her mother, Mrs. Anna M. Geiger, and also her sister and brother, Miss Doris Geiger and Alexander Geiger, who arrived in Glendale Tuesday from St. Louis, Mo., and will make their permanent home here. Mrs. Geiger has been active in Y. W. C. A. work in St. Louis and also with the Provident Association of that city. The new arrivals are much pleased with Glendale and their home here.

## Deaths and Funerals

**W. R. PRATT**  
The following is a tribute to the memory of Comrade W. R. Pratt, from N. P. Banks Post, G. A. R. and given to The Glendale Evening News for publication:  
We, the comrades of the N. P. Banks Post, were shocked on the announcement of the sudden departure of our highly esteemed comrade W. R. Pratt, and wish herein to express our high comrade, a good man and a most appreciation of his worth as a comrade, a god man and a most excellent citizen.

As a soldier he was courageous, faithful and true, never turning aside from any demand upon him. He was a lovable man, as a comrade, he possessed the fullest possible spirit of comradeship.

He was true to his Lord and his church, as he saw obligation and privilege. In his home life he was most considerate and kind. In his sudden departure we are admonished, be ye also ready, for in such an hour as you know not, the summons may come to any of us.

We hereby express our deep and most loving sympathy to the family of our deceased comrade, not lost, but gone before. We present the above to his bereaved family as our high estimate of his worthy life and character.

## SAY FAREWELLS TO

### SENIOR CLASS OF HIGH SCHOOL

Members of Faculty in High Tribute; Exercises at Glendale Tonight

(Continued from Page 1)  
per cent during their entire high school career, while nine of them have won bronze pins for the same average during their senior year.

Called Finest Class  
"I don't think that we have ever had a class, which has cooperated to make things go, the way this class has," remarked Mrs. Ethel F. M. Moyse, vice-principal for girls, with enthusiasm this morning. "Take it all and all, it is about the finest class ever graduated. Lots of pep; lots of good!"

"The class has been gifted in members, too—many gifted in music, art and literature. They have been such nice people to work with. They haven't come to the faculty because they had to, but because they wanted our advice."

Vice-principal A. L. Ferguson complimented the class upon the spirit of stick-to-itiveness shown by the proportion of the fourth year students who are graduating and the number who intend to enter institutions of higher learning.

"This speaks well for the education of the community," he asserted. "It shows that the members of the class have an interest in finishing what they start."

"I think that this class has done more to build up and create a good spirit in the school, a spirit of co-operation between faculty and students, than any other class. This has been needed for a long time. It is something which is essential for every school which desires to be successful. The school this year has made a distinct gain in a great measure through the willingness of the students in this class to take responsibility."

Coach Normal C. Hayhurst, class teacher, spoke highly of the records in athletics. He stated that members of the class have been leaders in all the high school sports and that all members of the high school teams are qualified for college freshmen teams and that some of them may make the varsity team.

Miss Florence Knight, director of physical education for girls and class teacher, emphasized the sterling qualities of the senior girls. She finally admitted that they were "adorable." Her opinion of their superlative qualities was too strong for utterance.

Little folks in Glendale are anxiously looking forward to the first of a series of children's parties to be given tomorrow afternoon from 2 until 4 o'clock in the children's department of Pendroy's Department store. Harvard and Brand. Invitations have been extended to all of the little boys and girls under 10 years of age to attend.

A very interesting program is being arranged by Mrs. E. C. Pendroy and Mrs. Gladys Gary, manager of the children's department. They will be assisted in entertaining the little tots by Miss Harriet Cook. All of the kiddies who are accompanied by their mothers are to receive a gift, a sand pail for the beach. And, this to be a real, honest to goodness party, with refreshments, too.

A novel "miniature fashion show," to display children's garments and fancy dresses is to be one of the features of the program, with little Virginia Gary, Jane Green and Margaret Chase as models. Fancy dancing will follow this, to be executed by Rita Keely, Mary Alice Barton and Muriel Curtis. Miss Laura Wilford Brown will then entertain the children with stories.

After the program refreshments will be served. The entire children's department on the second floor of Pendroy's will be decorated for the occasion, the color scheme of yellow being carried out in the flowers and also in the orange punch.

Mr. Jenkins has Time—Lots of It  
"Say, are all those alarm clocks in the window a dollar and a quarter?"  
The only objection to this question is the fact that it was made in a music store.

Jack Jenkins the other night was locking up the establishment at 126 South Brand boulevard, known as The Brunswick Shoppe. Outside, in the darkness of Brand boulevard a conspiracy was on foot—or in an automobile.

The Mr. and Mrs. were arguing about the business of getting up in the morning. Both agreed that they needed a new alarm clock. They looked up and there in the store window in front of them was a whole family of them. A placard mentioned the matter of \$1.25—for a novelty record entitled, "In a Clock Store."

Mr. Jenkins, however, was obliged to inform them that the clocks had been put there to advertise this month's record guess contest. The display represents a particular record in the latest supplement. To the first five persons giving the correct guess are given Brunswick records.

# ISSUES CHALLENGE BIG MONEY CRASH FOR WORD FROM SPIRIT LAND

**Portland Doctor Places \$500 In Bank to Be Paid for Message From Dead**

PORTLAND, Ore., June 22.—Putting spiritualists to the test, Dr. J. Allen Gilbert, Portland physician of high standing, has placed \$500 in a local bank, offering it to anyone who can bring to him an authentic message from his deceased wife.

Dr. Gilbert and his wife were both much interested in psychic phenomena, but were not believers in the occult. And they agreed before her death that she should try to transmit a message to her husband after passing over the Divide. But in order that the doctor might be certain if his dead wife had sent a message to him, they agreed upon a certain countersign. This password is now kept under seal in the bank which is holding the \$500 "test" money, which will be given to anyone who can obtain it through communication with the spirit of Mrs. Gilbert.

**Their Friends Fail**  
Dr. Gilbert, who is recognized as an authority on amnesia, dual personality and scientific hypnosis as applied to the medical practice, declared that he and his wife had several friends who were very earnest in their faith in spiritualism, and that they have brought to him several purported messages from Mrs. Gilbert, who died in December, 1917. But none contained the prearranged countersign. Their friends having failed, Dr. Gilbert decided to offer a reward of \$500 to any spiritualist in the world who can bring to him a message from his departed wife which contains the secret code.

In making his announcement of the reward and the test, Dr. Gilbert deplored the effect of the wave of spiritualistic thought caused by the lectures of Sir Arthur Conan Doyle and others.

**Dry Agent Accused Drinking 'Evidence'**

A. J. Appleton of 1307 Myra avenue, Los Angeles, this afternoon at 2 o'clock is scheduled to be tried by Judge F. H. Love upon a felony charge.

He was arrested early one morning about two weeks ago on Los Feliz Road near the Southern Pacific tracks by Officer Ralph Baugh after he had run into a machine driven by William G. Hanson, head of the Nick Harris Detective Agency. A large bottle of whiskey had been spilled in the bottom of the car and Mr. Appleton, who was a federal prohibition enforcement officer, is said to have been under the influence of "evidence."

Within two hours after The Glendale Evening News was on the streets last night Frederick Colby of the Roy L. Kent Company real estate department was on the right trail of the dog—a collie, belonging to his children—that had strayed away. He had advertised in the classified lost column.

Needless to say, Mr. Colby knew that the classified columns brought results, for he has used them successfully in selling Glendale Gardens and Windsor Place new subdivisions being marketed by the Kent Company.

**Loans Refused, Small Nation Is In Desperate Financial Condition, Report**

By FRANK E. MASON  
For International News Service.

PARIS, June 22.—Poland, which for several months has been attempting to borrow what ever she can get from Paris bankers, is in desperate financial straits. The fear that the French government may loan money to the Warsaw government has resulted in a press campaign to educate the French public as to the actual condition of their eastern ally.

The general balance of receipts and expenses since the foundation of the republic November 1, 1918, shows total receipts amounting to 102 billion marks and expenses of 324 billion marks. In other words, Poland faces a deficit of 222 billion Polish marks," says a French financial news agency.

**America Big Creditor**  
"Poland's external debt is more than 285 million dollars. America is the principal creditor. Poland has been unable to balance her budget. The estimates for 1922 show 591 billion marks expenses against 459 billion marks receipts, which will make an increase of the deficit of 133 billions."

"But Poland cannot increase her taxes. The minister of finance has recently been obliged to recognize that the taxes collected for the quarter ending the last of March were scarcely one-quarter of the budget estimate. America and England have refused Poland a loan. She now turns to France asking a credit of 500 million francs. Our own situation demands that we avoid all waste, all useless expense. We have our devastated regions to reconstruct, our commerce and our industry to rebuild. And for these purposes we have not too many resources now."

The annual junior-senior party of the Glendale Union High school, which was held yesterday in Eagle Rock at the spacious home of Mrs. B. P. Carrett, was a big success.

The heat of the afternoon was forgotten in the activities of the occasion. Moreover, plenty of refreshing punch cooled parched throats. Two kinds of sandwiches, devils' food and angel food cake and ice cream were served, also.

The party broke up at 7 o'clock. But with the shades of night many of those who had been present during the afternoon began to sneak back again. The reason was a sport dance in the evening. About fifty couples were present.

Music for this affair was furnished by an orchestra composed of Eldon Bengo, Miss Winifred Parker, Ralph Van Hoorebeke and "Herb" Bruck.

**Mrs. Jennie Doozee**  
"At Home" to R. T. W.

Mrs. Jennie B. Doozee of 360 Salem street gave a delightful "at home" Wednesday afternoon to the members of the R. T. W. class of the First Baptist church in celebration of her fourth anniversary as teacher of the class.

Baskets of spring flowers were laid throughout the rooms. The affair was spent in social conversation and a guessing game, "A Marriage of the Flowers," created much amusement. There were about forty members of the class present, other guests including Mesdames W. W. Hamilton, Childs and Miller. Refreshments of ice cream and home made cake were served. Mrs. Doozee was assisted as hostess by Mrs. Walter Stamps, Mrs. A. J. Maxwell and Miss Beatrice Doozee.

**Important Meeting For American Legion**

The most important meeting ever held by Glendale post No. 127, American legion, is scheduled for tomorrow night and every member is urged to be present and hear the report of progress to be made by the general building committee.

The latter body met last night and found everything favorable to the rapid development of the plans to give the Legionnaires a home on the sanitarium site, as well as improving the property generally. Details now are in the hands of the executive and legal committees.

**Classified Ad Finds Colby's Lost Collie**

Within two hours after The Glendale Evening News was on the streets last night Frederick Colby of the Roy L. Kent Company real estate department was on the right trail of the dog—a collie, belonging to his children—that had strayed away. He had advertised in the classified lost column.

Needless to say, Mr. Colby knew that the classified columns brought results, for he has used them successfully in selling Glendale Gardens and Windsor Place new subdivisions being marketed by the Kent Company.

# Radio In England Hears Holland and France Clearly

That the radio is fast becoming popular in Europe is proven by this photograph of a very powerful radio set constructed by a clerk in the Tiverton Postoffice of London. Five stages of radio frequency, a detector, and two stages of audiodfrequency enables this man to "listen in" on Paris and The Hague with ease—in fact, concerts come in so loud and clear that it gives one the impression that he is in the very room the music is being broadcasted from. Note the huge tuning coil on the lower shelf and the large leading coil above it, and the peculiar shaped loud speaker on the table. The picture shows: Family listening to Gounod's opera, Faust, coming all the way from The Hague, Holland.

**Girls' Ball Team to Meet Glendale Club**

A baseball game is scheduled for Saturday afternoon at 3 o'clock when the Chicago Girls' Baseball club will clash with the Glendale Merchants on the local diamond, at Park and San Fernando Road.

The female baseball team is managed by King Cole, at one time a pitcher for the Chicago Cubs. Saturday's game will be their first appearance on the Pacific coast.

The local boys are looking forward to this game with considerable anticipation, as might be expected. As Catcher King of the Merchants remarked, "It ain't quite in our line, but it ought to be good. Maybe they'll serve tea afterward and we'll have a social hour. Quien sabe?"

The battery for the Merchants will be Johnson, pitcher, and King, catcher. The battery for the Girls' club has not yet been announced.

**Knights of Columbus Hear Charity Appeal**

Knights of Columbus met in the I. O. O. F. hall here last night with an unusually large number in attendance and the principal business was the proposed drive for the bureau of Catholic charities in the diocese of Monterey and Los Angeles.

Rev. Robert E. Lucey, D. D., director general of the drive, addressed the council on the need of the hour. He was followed by McGinnis of Los Angeles told of the work being done by the different departments of the bureau.

The usual spirit of the Knights here was shown by a donation of \$50 while several individuals made contributions. A meeting will be held at Ye White Inn next Monday night to outline the drive locally, it is stated.

**Mrs. C. C. Crandall Honors Daughters**

Mrs. C. C. Crandall of 411 North Isabel street, was the hostess Wednesday afternoon at a jolly children's party honoring her two little daughters, Janet and Judith.

Games on the lawn, a picnic lunch with clever toy favors, were the entertainment features of the affair.

The little guests were Dorothy Woodside, Ethel Zimmerman, Rosebud Randall, Elyonno Golen, Katherine and Esther Olin, Helen McConnell, Ruth Carroll, Billy Althouse, Billy Smith, Bobby Sikes, Stephen Snow, Jack Randall, Bertha McConnell, Louis Marsandelli, Leroy Funk, Billy Hanson, Carl Boyd, Douglas Cready, Jim and Joan Proctor, Mortin Shaffner, Pauline Jenks, Johnny Gilthrupe and Bonnie Smith.

**Charges Propaganda Against Tariff Bill**

WASHINGTON, June 22.—Petitions bearing thousands of signatures against the McCumber tariff bill which are pouring in on Republican senators from New York and other cities were declared in the senate today by Senator Watson, Republican, Indiana, to be part of the propaganda circulated by importers and retailers in opposition to the measure.

The retail stores place these petitions on their counter and their customers sign them with the request of clerks and salesmen without knowing what they are signing or without knowledge of what the tariff bill is all about," said Watson.

**MRS. HALL IS HOSTESS**  
Mrs. W. W. Hall of 331 West Patterson avenue had as guests recently Mr. and Mrs. Walter Critlin of Monrovia.

**Four Singers to Provide Music at Gospel Gathering**

These singers will give selections at the gospel meetings to be conducted in Eagle Rock on West Colorado and Rowland, opening on Sunday night.

**JUBILATE QUARTET**

An evangelistic campaign is to begin in Eagle Rock City in a large Gospel Tabernacle recently pitched on West Colorado boulevard and Rowland avenue, Sunday night, at 8 o'clock. The subject of the opening lecture was announced by Evangelist Chester S. Prout is "Wonderful Discoveries of Archaeology, and the Bible Inspiration." Stereopticon pictures will be used throughout to illustrate and show actual tablets and ruins under discussion.

The Gospel Tabernacle has been fitted up with about 400 comfortable chairs, the floor has a thick carpet of clean shavings and it is brilliantly lighted.

Special music is provided. Prof. DeNufrio will play the harp, a Jubilate Quartet will render beautiful music and the following subjects will be discussed through the week—Monday night, "The Challenge of the Gospel to an Age of Reconstruction." Tuesday night, "Why Did Not an All-Powerful God Destroy the Devil?" Wednesday night, "The Physical Crisis the World is Facing—Humanity's Call to the Christian Physician." by Dr. Riley Russell of Korea; Thursday night, "Looking Toward a Warless World, and the Armageddon Prophecy." Friday night, "Christ's Ideal for the World at Strife and His Second Coming." Saturday night, "A Message to You from the Sun, Moon and Stars."

## EMPIRE FACTORY DISPLAYS CHINA

Sample Room at New Burbank Plant Reveals Products; Other News Notes

A sample room has been opened at the Empire China factory at Burbank, but there is very much more than the room. There are a dozen little tables and every one is draped with a pure white cloth that sets off to the best advantage the beautifully decorated dishes which the factory is now sending to many Pacific coast points. The array should be seen to be appreciated.

**"Sweetheart" Wins**  
Ralph Kiske, the "sweetheart of the class," was the member of the Burbank High school graduating class who won the prize of \$20 and the gold medal which was offered by the Woman's club to the one who made the highest grades for the four consecutive years of work.

**Form Auto Division**  
An automobile division of the Burbank Chamber of Commerce was organized last night by the representative dealers.

## Strikers Dynamite Homes of Miners Refusing to Quit

UNIONTOWN, Pa., June 22.—Dynamiting of homes of coal miners who refuse to join the ranks of the strikers was renewed in Fayette county late last night and early today.

One side of the house of C. A. Fawkes of Fairchain county was blown out and every window in the structure broken when a bomb was hurled at the structure just before midnight. A bomb was set off alongside the home of J. N. Smiley at Fairchain just before daylight. Considerable damage resulted. No one was hurt in either explosion.

## J. Korn Pleased by Tailoring Patronage

On May 10 J. Korn opened a high class tailoring shop at 221 South Brand boulevard with the determination of giving the people of Glendale the same class of work obtainable in only the best of shops. In addition he conducts a cleaning and pressing department. He says, "I've come to Glendale to stay, not only because I like this city, but because the people have proven to me that they appreciate the distinctive hand-tailoring work. So far the volume of business has been very gratifying and certainly greater than I expected."

WRONG! ONE-TO-SEVEN.

## J. B. BROWN & CO. INVESTING AT EAGLE ROCK

Concern Secures Valuable  
Business Corner and  
Constructs Office

J. B. Brown & Co. of Eagle Rock, like other agencies in the field, have found it necessary to branch out. They have purchased a valuable business section at the corner of Glassell avenue and Avenue 45, where they have constructed an office and painted it in Occidental colors, orange and gold. Edward Hale, newly-appointed manager for the Brown interests in that district, has sold a portion of the site at \$60 a front foot and the new owner will build at once, it is said.

George C. Juett has been appointed salesmanager by Mr. Brown, while the latter will devote more time to the building department.

## Moving Into New Home

Mr. and Mrs. Milton C. Hancock will move into the Harsh home at 254 North Rosemont avenue on Monday. This home is one of the well-known landmarks of Eagle Rock, has ten spacious rooms and there are over two acres of ground on the estate. There are cows, chickens and everything, including three goats, and Mr. Hancock is now canvassing his friends to help him take care of the supply of goats' milk.

## C. A. Fawkes to Run Rollin' Pin Bakery

After six months of successful management by Stinson Brothers and A. S. Amm, the Rollin' Pin Bake Shop at 218 East Broadway has been purchased by C. A. Fawkes, who will assume charge of the business on June 26. Many improvements, in the way of new equipment to handle increased business, have been made and the bakery has enjoyed the confidence and good will of a host of patrons. Mr. Fawkes will maintain the same high standards and service in continuing the business.

## J. Kimmel Family Goes East by Auto

Mr. and Mrs. J. Kimmel and daughter of 228 North Cedar street left Glendale today by auto for St. Louis, Mo., and expect to return about September 1. Mr. Kimmel stocked his machine with a supply of literature, published by the Glendale Chamber of Commerce with which he expects to answer the questions asked about this city by the hundreds who hope to come.

## Secretary of War Weeks Always Wet, Says League Head

WASHINGTON, D. C., June 22.—Wayne B. Wheeler, counsel for the Anti-Saloon league, was considerably rolled today over the statement made in Chester, Pa., yesterday by Secretary Weeks in favor of legislation to promote the sale of beer and light wines. "Secretary Weeks is not a new recruit to the beer and wine brigade," Wheeler told international news service. "He has always been against prohibition and is an irreconcilable wet. He dodged the vote on war prohibition, voted for all weakening amendments proposed to the national prohibition amendment and then voted against them."

## CHAFFEE FAMILY HAS BIG OUTING

Several Hundred Employees  
Attend Annual Picnic at  
Brookside Park

Brookside Park, Pasadena, on a perfect summer day furnished the setting for the annual picnic yesterday of the Chaffee Stores, enjoyed by several hundred employees and their families. All members of the local Chaffee force were there and report an enjoyable outing.

The picnic began at 9:30 with a baseball game between the warehouse and office forces. They battled until they decided that the teams were too evenly matched, and game resulted in 8 to 3 tie. Following the ball game, various water contests were held, prizes furnished by wholesale houses, awarded to the victors. A merry crowd looked on, or splashed in the water themselves, until lunch time.

Basket lunches had been brought by the guests, but the Chaffee company furnished fruit, potato chips, cookies, coffee and soft drinks.

Another ball game was staged after lunch by the men over 50 years of age, and they played like youngsters. In this game H. G. Chaffee, who originally organized the Chaffee system, played the short stop position.

A tug of war, obstacle races, a chicken chasing contest, and other athletic sports completed the program, and the guests left for their homes at five o'clock, presumably without a care in the world, for so they acted.

The guests at the picnic from Glendale included Mr. and Mrs. T. L. Totman, Mr. and Mrs. M. W. McBryde, Mr. and Mrs. R. Lord and three children Mrs. F. Peters, Mr. and Mrs. Otto Hagenjos, Mr. and Mrs. C. Lindemann, Mr. and Mrs. R. Weise, Mr. and Mrs. A. Maser, and J. J. Chapman.

## BIGGER AIR FORCE FOR 'NEXT WAR' BEING URGED

Aviation to Dominate In  
Next Conflict, Belief of  
Rear Admiral

PORTLAND, Ore., June 22.—"We simply have to command the air over this continent," the speaker was Rear Admiral W. F. Fullam, who was here on his tour of the country in the interest of aeronautics.

That the next war—if there shall be one—will be won by the nation possessing the most powerful air dreadnoughts is the opinion of this naval officer. "We can't let any nation get above us," declared Admiral Fullam, "for if we do we are gone—that's all!"

The next time two great naval fleets meet at sea the one having the best auxiliary is going to be master of the ocean," he continued. "Airplanes will not do away with armies or navies, but the air forces will dominate. Get that right—or you will get into trouble."

Admiral Fullam predicted that the type of future battleship will be radically changed, and that the ten-year naval holiday naval architects will have adopted a new kind of floating fortress which will be constructed to meet the enemy in the clouds.

**For Air Navigation**  
Fullam is touring the country as a representative of the National Aeronautics Association of America, whose mission is to promote useful air navigation. It proposes to see to it that organizations are formed in every American city for aiding mail and business air service, as is being promoted in Europe.

"We are going to ask every city to found an air board representing the business men's clubs and chambers of commerce, this board to act in an advisory capacity to the city government and community," asserted Admiral Fullam. "These municipal boards will be formed into corps to correspond with the corps areas of the army."

Very satisfactory strides have been made in aeronautics through the middle west, he stated, pointing out the fact that in the seventh corps area there are 239 good landing fields. Before long the city that doesn't get its mail by airplane will be the exception, the admiral believes.

The army and navy will have a great trained reserve in the event of war, as a result of the building up of the useful air fleet in time of peace, Fullam said.

## In Los Angeles

### KINDNESS ALMOST FATAL

LOS ANGELES, June 22.—Chivalry that outrivals romance was revealed to the police today when Dennis E. Cope, 27, was taken to the receiving hospital mortally wounded and Joseph Hubbard was arrested charged with shooting Cope.

The story of the affair was that Cope endeavored to aid a young girl friend, Lillian Hopkins, whom he hardly knew, and as the result lies at death's door. Hubbard and Miss Hopkins are said to have been living together in North Coronado street and that recently Hubbard beat and mistreated her. She appealed to Cope to plead with Hubbard in her behalf.

Cope went to Hubbard last night to plead with him. An argument and struggle between the two followed in which Cope was shot. Hubbard fled but was later arrested.

### KLANSMEN HOLD MEETING

LOS ANGELES, June 22.—Substantiating the report that William S. Coburn, former grand go-b of the Ku Klux Klan in the Pacific domain, is in ill-repute with Los Angeles Klansmen, strict orders were issued at a meeting of the Klan last night to refrain from molesting the former leader if he put in an appearance, it was learned today.

Attorney D'Orr representing the thirty-seven Klansmen indicted on three felony charges in connection with the Ingewood violence, was ready today to post additional bonds of \$500, making a total of \$1,000 for each of the defendants with the exception of Coburn and Nathan A. Baker, who were released under \$5,000 bonds.

The majority of the indicted Klansmen who are to appear for trial August 7, held a special meeting following the regular Klan meeting, it was learned.

### EVA NOVAK IS BRIDE

LOS ANGELES, June 22.—The whereabouts of Eva Novak, noted film beauty, and William Richard Reed, cameraman, who eluded their friends and were secretly married at Riverside yesterday, caused much speculation in film circles among friends of the young couple today. The marriage ceremony was performed by Justice of the Peace Hibbard D. Courthouse at Riverside.

### 60 CENTS IS BLAMED

LOS ANGELES, June 22.—The admission that they tore up the floors of the Long Beach city jail gained E. R. McKee and George Murphy a sentence of from one to five years in the penitentiary from Superior Judge Hauser. Sentence was pronounced on the pair, following their admission they had violated the statute against defacing jails. They claimed they had dropped 60 cents through the floor. The authorities contended they were trying to escape.

## Mexico to Permit Building Pontoon Over Rio Grande

WASHINGTON, D. C., June 22.—The Mexican government has informed the war department of its willingness to permit the construction of a pontoon bridge across the Rio Grande between Eagle Pass, Texas, and Piedras Negras, Mexico, to replace the international bridge swept away by the flood, the state department announced today.

The American consul at Piedras Negras today reported communication re-established between the United States and Mexico by boat. He said Nueco Laredo was half under water but that there was no loss of life.

## FIELD MARSHAL WILSON SLAIN

Former Chief of British  
Imperial General Staff  
Is Assassinated

LONDON, June 22.—Field Marshal Sir Henry Hughes Wilson, former chief of the British imperial general staff, was assassinated on the doorstep of his home today as he was returning from the unveiling of a war memorial.

Field Marshal Wilson, a native of Ulster province, Ireland, had been named commander-in-chief of the army of volunteers, which led to the belief on the part of Scotland yard that he had been killed by the Irish Republicans. The field marshal was a member of the house of commons and recently had taken an important part in the activities of the unionist die hards in their opposition to the English cabinet's Irish policy.

It was understood that Field Marshal Wilson was directing the movements of the Ulster special constabulary and common report had it that he was chiefly responsible for the recent movement of the British military forces in Ulster that resulted in the capture of Pettigo from the Irish Republicans.

**Two Men Arrested**  
Field Marshal Wilson served with distinction throughout the world war. He was 56 years old. He had been born in Ireland and always maintained a residence there. His London residence, the scene of his tragic death, was at 36 Eaton place.

Two men were arrested charged with the actual assassination. Their names are withheld by the police. They were taken after a spectacular dash for freedom, firing pistols as they ran through the streets.

Both prisoners gave James as their Christian names. They said they were 24 years old. Neither would reveal his address. Field Marshal Wilson was shot five times. Three bullets passed through his body, one through his leg and one through his arm. One of the policemen who were wounded in the pistol duel died.

Just an hour before he was assassinated Field Marshal Wilson made an address at the unveiling of a soldiers' monument, saying: "We soldiers count our gains and our losses by the number of those men whom we loved and honored most that died in the great cause."

Field Marshal Wilson's body was riddled with bullets. The assassins hid in the garden of his home and opened fire as he stepped from his motor car.

As the shooting began, the crowd in the street which had gathered to see the famous soldier was thrown into panic. A rush was made for the assassins, but they took their time in getting away. Their menacing pistols held the crowd in check.

### Outrage, Says Pershing

WASHINGTON, June 22.—News of the assassination of Field Marshal Sir Henry Wilson came as a profound shock to officers of the United States who served with him in France and England during the world war. General John J. Pershing, chief of staff of the army, issued a statement declaring that the killing of Wilson was an "outrage that must shock civilization."

## Chiropractors Meet At St. Clair Home

A meeting of the Chiropractors of San Fernando Valley was held recently at the home of Mr. and Mrs. Harry St. Clair, 1250 South Maryland avenue. Various topics of interest in connection with their work was discussed, principal of which was the interest manifested by the voters of the state in the initiative petition, which will be voted on at the November election.

Harry St. Clair states that heretofore it has never been fully clear to the public as to just what was the wish of the Chiropractors. "The people are learning that they are not asking a surrender of any right, but that all citizens of the state have the right to call the doctor of their choice, if ill. A constitutional privilege, not a privilege governed by any clique," he states.
